Re: InPro DCOI Preservative, EPA Reg. No. 3008-XXX
Application to register a new end use wood preservative

Enclosed is an application to register **InPro DCOI Preservative**, a new wood preservative end use product. InPro DCOI Preservative contains the active ingredient 3(2H)-Isothiazolone, 4,5-dichloro-2-octyl- or 4,5-Dichloro-2-n-octyl-3(2H)-isothiazolone (DCOIT) (PC 128101). This product is a 100% repack of DCOI MUP, a new manufacturing use product submitted at the same time. Since no new data is required for a re-pack, we believe this is a secondary application and falls under PRIA Action code of A560.1 with a fee of \$3,307.

Please find the following documents to support this action:

1. Application, form 8570-1;
2. Basic CSF, form 8570-4, dated 6/1/2021;
3. Proposed label in pdf format; and
4. Receipt for online PRIA payment of \$3,307.

If you have any questions regarding this submission, please contact me. I may be reached by phone at 770-233-4244 or by email at RichardsonLA@Koppers.com.

Sincerely,

A handwritten signature in blue ink that reads "Leigh Ann Richardson". The signature is fluid and cursive, with the first and last names being more prominent.
